

SUPPLY 2 TRADE

About Supply 2 Trade

Supply 2 Trade are a dedicated UPVC and aluminium window, door, glass, conservatory and Building plastics supplier, established in 2019. We have two branches, our main branch is situated within the Midlands area, close to Burslem, Stoke-on-Trent. At this branch we have our Window Centre and Building Plastics Trade Counter, which stocks a wide range of tools, consumables, building products, rubber roofing and much more. Our second branch in Bury has a Window Centre. Our branches have back-up from some of the country's leading fabricators. All of our products leave our Window Centre with handles fitted, we have an inhouse fabrication team that quality check all products.

The combination of our product range, customer service, unrivalled support and competitive prices help our trade customers to sell smarter, install easier and make profit on every job.

Browse our product range along with technical information, and find out more about the benefits of having Supply 2 Trade as your trade supplier.

Veka Casement Windows

VEKA Casement windows suit many different house styles & can be personalised with different glazing options for a different look & feel dependent on property style. Features include five chambers for additional strength & rigidity and improved thermal performance.

- ✓ **Wide choice of colours and woodgrain finishes available.**
- ✓ **Internally glazed for enhanced security**

Rehau Casement Windows

Rehau's casement windows have been created with fully Sculptured profiles, offering heightened style to both modern and traditional properties.

This maximises the thermal efficiency for windows without the need for more expensive glass, making them more cost effective and giving you even more savings on your energy bills.

- ✓ **Provides a long- lasting appearance with little or no maintenance**
- ✓ **Easy glazing**

Veka Tilt & Turn

- ✓ Available in white, woodgrain and coloured finishes
- ✓ High security locking mechanisms

VEKA tilt & turn windows are often used where there is a high rise element, or a requirement for cleaning to be carried out from the inside of the building.

Rehau Tilt & Turn

- ✓ Improved drainage path
- ✓ REHAU is renowned for its quality, demonstrated with the gloss surface finish

Maximise the thermal efficiency for windows without the need for more expensive glass, making them more cost effective and giving you even more savings on your energy bills.

REHAU TOTAL70S has been created with fully Sculptured profiles, offering heightened style to both modern and traditional properties.

Reversible & Sliding Windows

VEKA FULLY REVERSIBLE WINDOWS are an easy to install and maintain, also allowing maximum light and designed for easy cleaning.

Available in a range of woodgrain finishes.

REHAU'S REVERSIBLE WINDOW system has been designed to ensure a high specification in both quality and performance. Traditionally the reversible window system was developed to allow for easy cleaning especially for windows that were hard to reach on the outside

VEKA VERTICAL SLIDING WINDOWS brings together three powerful elements – one of today's most popular window styles, the industry-leading fully sculptured profile system and the world renowned VEKA brand.

Patio Doors

- ✓ Low maintenance uPVC
- ✓ High security with anti jacking system
- ✓ Suitable for conservatories and porches

VEKA Imagine Patio Doors are designed to provide the highest standards of aesthetic appearance, durability, and security by incorporating the latest standards in hardware design. The system is available in a choice of bevelled or fully sculptured sashes to match window styling.

French Doors

- ✓ Double locking handles
- ✓ Low threshold
- ✓ Choose from inwards or outwards opening

Open out or open in, the **Rehau French Doors** are a high-performance product suitable for use in high traffic or exposed areas where a durable and reliable door is required.

On the other hand, **Veka French Doors** have been developed alongside ERA, one of the country's top names in security and lock mechanisms. Is available with a choice of bevelled or sculptured sashes and glazing beads.

Polyframe Protection Promise

In partnership with Yale, Polyframe now offer the best homeowner security guarantee in the industry!

We are so confident in the security of our uPVC windows and doors, the polyframe protection promise delivers up to £6,500 in the event of a break-in through correctly configured Polyframe windows and doors.

By choosing Polyframe windows and doors with a full suite of eligible Yale-approved hardware, you can rest assured that your homes and possessions are protected by a leading name in home security.

- ✓ **£2,000 compensation**
- ✓ **Up to £2,000 towards home insurance excess**
- ✓ **Up to £2,000 towards repairs or replacements**
- ✓ **Up to £500 refund on call out fees**

Aluminium Windows

- ✓ Elegant, slim sightline
- ✓ Option of easy clean hinges

With strong, slim profiles and long-lasting quality materials and finish, **REAL Aluminium windows** are strong, thermally efficient and easy to maintain.

All REAL Aluminium profiles utilise innovative polyamide thermal break technology which creates a barrier between the cold air outside and the warm air inside.

Bi-folding Door

- ✓ Slim, strong, smooth
- ✓ Multi-point locking
- ✓ 2500mm max height (per sash) and 1200mm max width (per sash)

All bi-folding doors within the **REAL Aluminium** range have the option of either low thresholds for unimpeded, easy access, or rebated thresholds that offer improved weather resistance.

All profiles feature a polyamide thermal break which enhances the thermal performance of the profile.

Patio Doors

- ✓ Multi-point locking plus a suitable triple-glazing unit
- ✓ Track double or triple dependent on configuration

The **REAL Aluminium Patio Doors** are available as a single or double doors, both opening out or opening in.

Available in white, black, grey or grey exterior & white interior.

Conservatories

Available in a wide variety of shapes and styles. A conservatory will instantly enhance and add value to a property and provide a stylish additional living space.

Constructed with well insulated cavity walls and floors aswell as Low E glass to radiate the heat back into the room, heat loss is dramatically reduced meaning conservatories can be used all year round.

✔ **There are so many choices available from a contemporary look to a classic traditional style, and can be tailored to meet all requirements.**
